“Tests carried out by Chevler have revealed that the colour of beef wrapped in Meat Saver Paper™ was significantly better than the colour of beef wrapped in other comparable products including waxed and unglazed greaseproof paper. This high quality product can help enhance the eating experience and taste sensation of freshly cooked meat”

## WHY YOU SHOULD USE MEAT SAVER PAPER™ PREMIUM

- Covering red meat with Meat Saver Paper™ Premium ensures it stays fresher for longer meaning you do not have to trim off discoloured meat saving you both meat and money
- The ability of Meat Saver Paper™ Premium to preserve meat for longer than other products means that you can pre-cut meat at a time that suits you ready for those busier periods
- Selling meat to your customers in Meat Saver Paper™ Premium ensures the meat they buy stays fresher for longer when it leaves your premises. This prolonged freshness will attract a loyal base of regular customers
- Meat Saver Paper™ Premium has high tear resistance helping prevent bones breaking through the wrap
- Meat Saver Paper™ Premium is strong enough to peel from meat when wet or dry without tearing
- Meat Saver Paper™ Premium is available in a range of shapes and sizes including sheets, rolls and crimped cases to suit you
- Meat Saver Paper™ Premium is ideal to line counter displays and place between layers of red meat, burgers, chops, escallops and small joints
